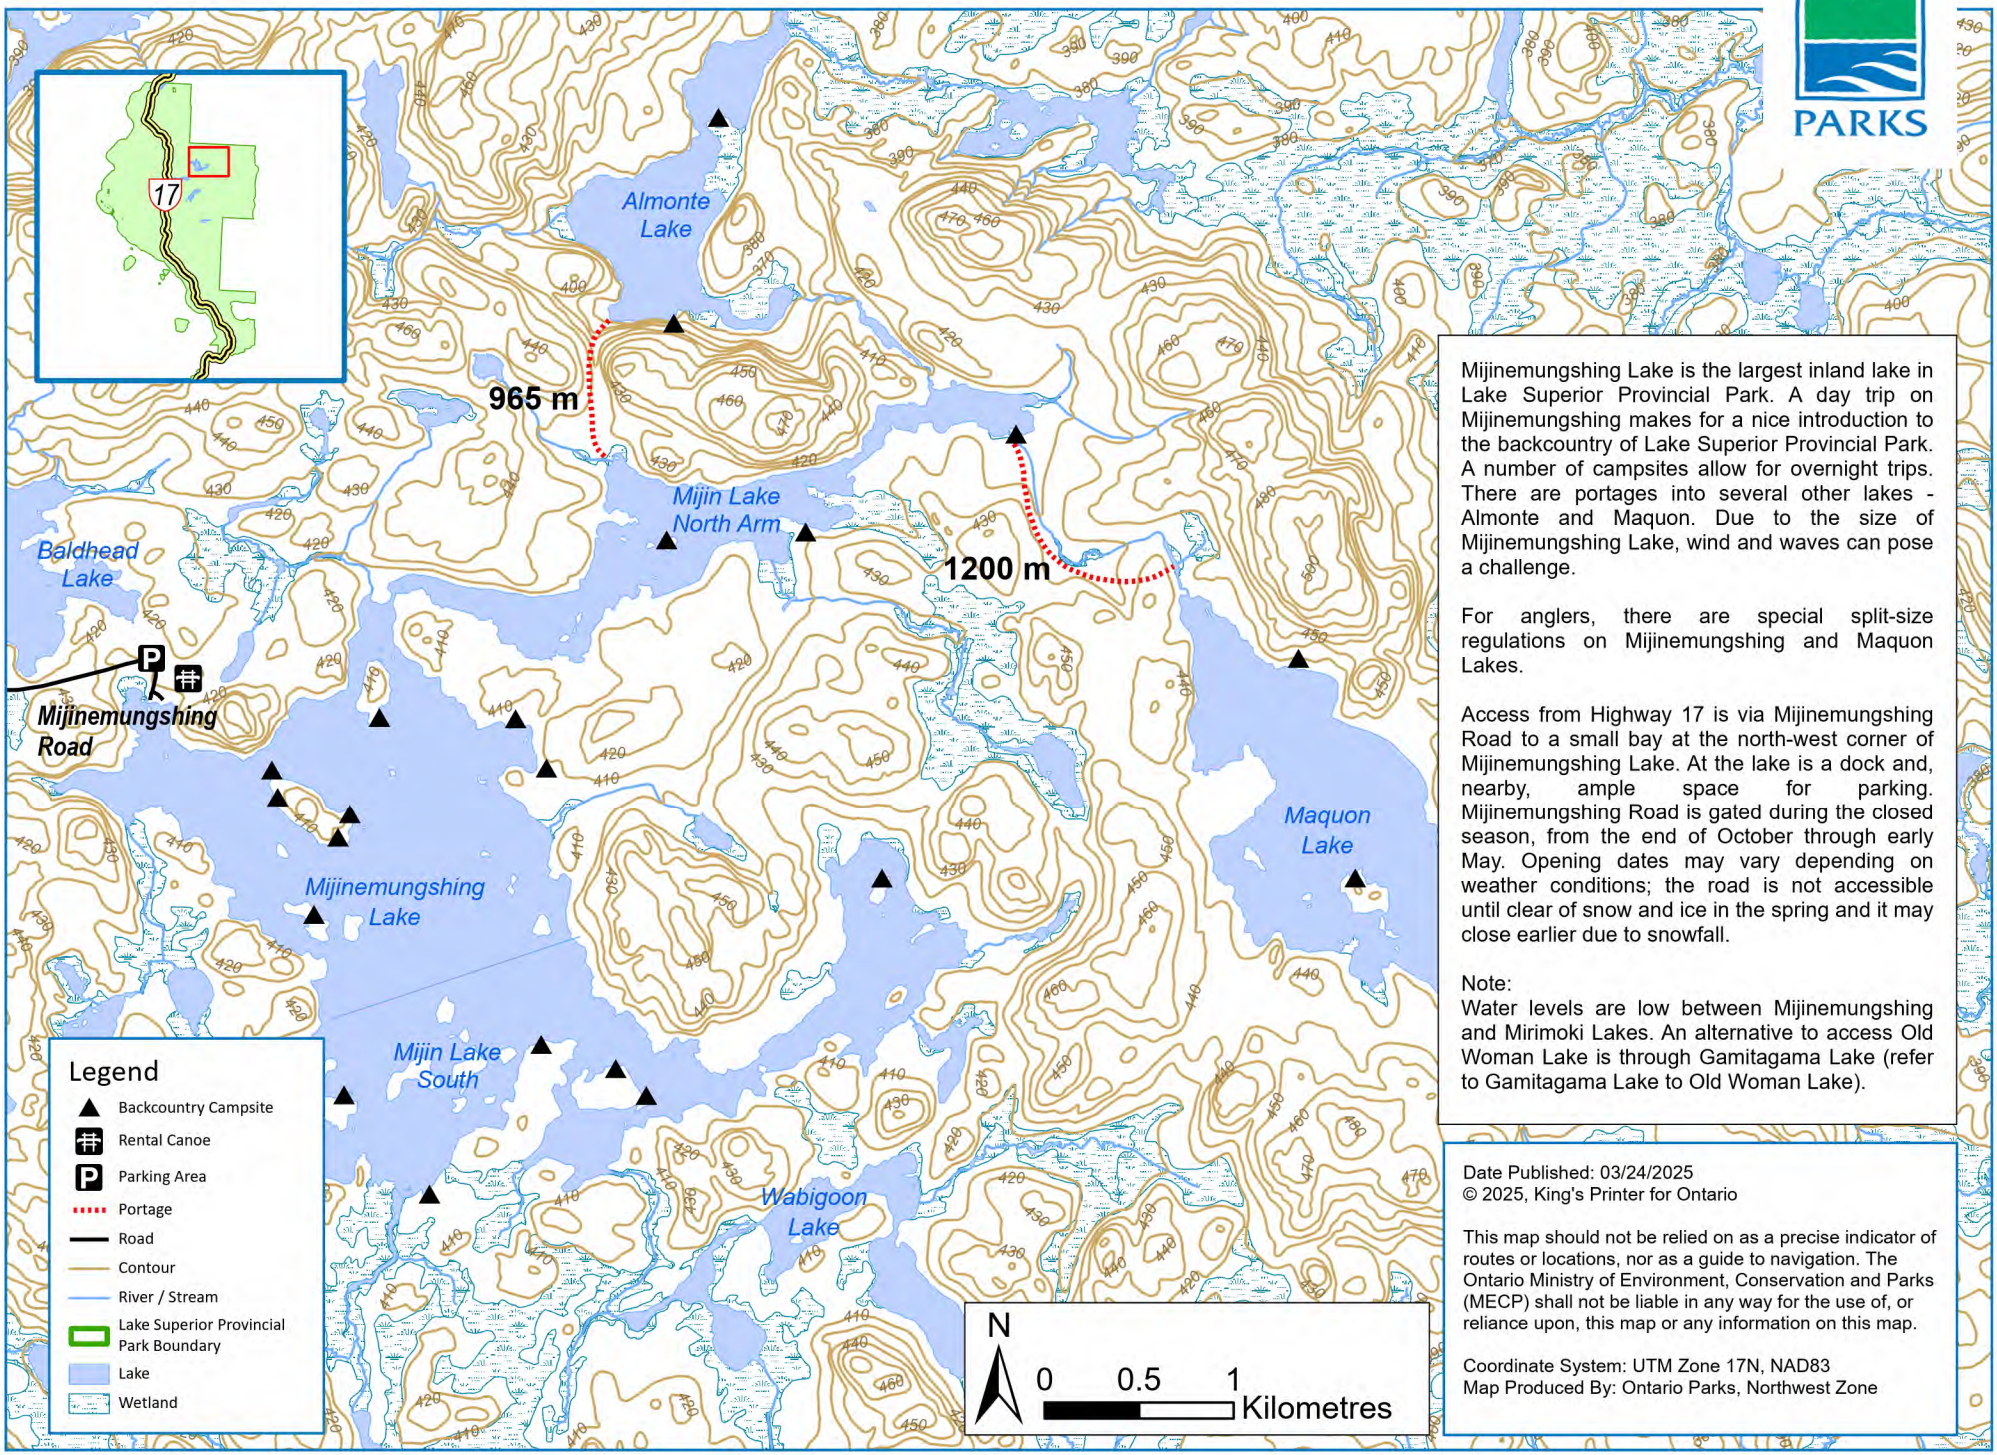
Mijinemungshing Lake Canoe Route - Lake Superior Provincial Park

ONTARIO PARKS



Mijinemungshing Lake is the largest inland lake in Lake Superior Provincial Park. A day trip on Mijinemungshing makes for a nice introduction to the backcountry of Lake Superior Provincial Park. A number of campsites allow for overnight trips. There are portages into several other lakes - Almonte and Maquon. Due to the size of Mijinemungshing Lake, wind and waves can pose a challenge.

For anglers, there are special split-size regulations on Mijinemungshing and Maquon Lakes.

Access from Highway 17 is via Mijinemungshing Road to a small bay at the north-west corner of Mijinemungshing Lake. At the lake is a dock and, nearby, ample space for parking. Mijinemungshing Road is gated during the closed season, from the end of October through early May. Opening dates may vary depending on weather conditions; the road is not accessible until clear of snow and ice in the spring and it may close earlier due to snowfall.

Note:
Water levels are low between Mijinemungshing and Mirimoki Lakes. An alternative to access Old Woman Lake is through Gamitagama Lake (refer to Gamitagama Lake to Old Woman Lake).
